Wrestling Matches

Evidently suffering from an acute attack of frost in the pedal extremeties, Cornell, the erstwhile crack mat artist of the Potomac Boat Club, of Washington failed to put in an appearance at the Old Dominion Boat Club smoker last evening, and the main bout of the evening was finally arranged between Leo Pohl, who was slated to meet Cornell and Edward Oliver, of this city and proved an excellent exhibition in every respect.

Pohl and Oliver went to the mat together and wrestled seven minutes before Pohl got the hold he had been trying for and pinned Oliver's shoulders to the mat.

The opening bout was a farce comedy boxing match between Carl Mueller, former rowing coach of the club and Harry Howard. The one interesting feature was that Howard walked up against Mueller's glove with sufficient force to start the claret. The bout ended soon after Howard got the wallop in the nose.

Buster Pohl and Brooke Howard then went to the mat for a ten minute bout or to a fall and wrestled manfully the entire time without either getting the coveted decision. This bout was followed by three five-minute bouts, Moore and Lee featuring the first, Beaton threw Curtin in 1 min. 30 seconds in the second and Oliver and Howard came together in the third, which Howard won in about 3 minutes time.

The smoker was largely attended by members of the club and immediately following the final bout, sandwiches and "pop" were served.

BOOST PRICE OF GAS TO MEET DEFICIT

With Discount Will Cost Consumer $1.50 a 1000 Feet

TO BORROW $10,000

Money to be Used For Coal and Other Bills—Final Meeting for Summer to be Held Next Tuesday

The price of gas was increased to 1.70 a 1,000 cubic feet by city council last night with a discount of twenty cents off the 1,000 if bills are paid by the twentieth of each month which will make the net cost of gas to the consumer $1.50. This, therefore, is an increase of thirty cents on the 1,000 feet, the prevailing price being $1.40 a 1,000 with a discount of twenty cents for prompt payment. This action was taken by city council because they are losing money at the present rate they are selling gas.

President Burke when council convened explained that the light committee of council had been notified that they now owe coal bills in excess of $5,000 and they had failed to pay their bills on the fifteenth of each month owing to lack of funds and that they were threatened with cancelation of the coal contract. The only way he said out of the matter was to borrow money to take care of the debts incurred and raise the price of gas. Mr. Burke said it would be a great calamity to allow anything to happen which would result in the closing of the gas plant. A letter was read from W. A. Smoot and Company, calling attention to the terms of the contract and explaining that the coal bill to July amounted to $5,177. Unless a definite plan of payment was determined upon they would be unable to handle the business.

Fred W. Ebhardt, clerk of the gas, who was present, was called upon and he told council that the monthly receipts of the gas plant amounted to be between $5,000 and $6,000. The increase, therefore, will yield the city in excess of $1,000 monthly.

Afterward the resolution of Councilman Wattles, chairman of the committee on light, to borrow the sum of $10,000 to pay off bills and for other expenses was adopted.

Resolution appropriating the sum of $10,000 to meet deficit in public schools was referred to the joint committee on finance and light. Ordinance to provide for the payment of license by attorneys at law in certain cases was referred to the finance committee.

An opinion of Corporation attorney H. Noel Garner on the liability of the city on account of fire department was read and referred to the joint committee on finance and fire.

Another meeting of common council will be held next Tuesday night.

SHOWS INCREASE IN ATTENDANCE

Sixty Nine More at Sunday Schools Last Sunday

TOTOL FOR DAY 1616

In Attendance Contest Campaign Grace Church Make Strides Passing Two Competitors,— St. Paul's Leads

Sunday school attendance picked up in Alexandria last Sunday. The disastrous 4th of July hit every school two weeks ago, but most of them came back last Sunday and every one but one increased its standing in the percentage column. Grace church, which has been at the bottom of the list, but which has maintained a very consistant standing throughout, passed two of its nearest competitors in the weekly standing. However the average kept it in last place.

The Second Baptist Sunday school has kept a steadily increasing pace throughout the contest. Their percentages by weeks has been 131, 140, 144, 148, 150.5, and 155. Whether they will be able to overhaul St. Paul's in the last half of the contest remains to be seen.

Two changes in the standing are noted. The Methodist Protestant advanced ahead of the First Baptist to third place and may become dangerous competitors for the leadership. The Second Presbyterian school advanced ahead of Christ church to seventh place the latter being the only school to fall below 100 per cent in the weekly per centage.

The standing—St. Paul's attendancs 114, percentage 179; Second Baptist attendance 166; per centage 155; Methodist Protestant attendance 95, per centage 133; First Baptist attendance 380, per centage 132; M. E. South attendance 358; per centage 126 Trinity M. E. attendance 88; per centage 119; Second Presbyterian attendance 166, per centage 111.5; Christ Church attendance 92, per centage 110; and Grace church attendance 111 per centage 109.

Total attendance for the day 1616, or 69 more than the previous Sunday. Total attendance for the six weeks of the contest—just one half, 10,506, an average of 1,751 per school.

Fourth Degree

K. of C., Will Exemplify Work on Large Class

Arrangements have been completed for the exemplification of the fourth degree of the Knights of Columbus tomorrow afternoon at St. Mary's Hall on a class of more than sixty-five candidates, fifty from this city and the remainder from Portsmouth and other points. The candidates will attend mass at St. Mary's Church at 10.30 o'clock tomorrow morning and the degree work will take place at 1.30 o'clock in the afternoon. The candidates will be given a banquet at 5 o'clock in the Lyceum Hall by the ladies of St. Mary's church and the knights attired in full dress and equipment will attend special vesper service at 7 p. m., at St. Mary's Church. Monday the visiting knights will make a trip to Mount Vernon and other points of interest and at night there will be a ball in the auditorium of the Elks Home.

The degree work will be in charge of Dr. E. A. Gorman, who is master for this district, and staff.

MISS PEARL CLARK TELLS OF KILLING

Moore's Fiancee Manifests No Nervousness on Emotion

PURPOSE OF DEFENSE

Jailer of Arlington County Denies Third Degree Was Used Upon Turner After His Arrest.

Richmond, Va., July 17.—In a calm, straightfrward manner, without show of nervousness or emotion Miss Pearl Clark, secretary to United States Representative Britten, of Illinois, told her story on the witness stand in Federal court yesterday at the trial of William Turner, middle-aged negro, charged with the murder of her fincee, Thomas Morgan Moore, early on the morning of May 23 on the southern approach to the highway bridge over the Potomac.

Miss Clark said she and Moore had motored across the bridge and that the car was at a standstill when the negro approached, demanding a dollar. She urged Moore to give the man something, so that he would go away, she said. Frightened she got out of the car.

Meanwhile Turner approached, pointing a pistol at her chest, she said. She then drew off her glove and gave him her wrist watch and two rings, a diamond and cameo, according to her story. At this point there was an exchange of shots between Moore and the negro, but she could not tell who fired first, she said.

Coroner B. H. Swain, of Arlington county testified later that, in his opinion, Moore, who was shot through the chest, could not have fired after being shot himself.

Although the defense offered no testimony yesterday, it was learned that it will undertake to prove that Turner asked for the dollar as hush money and that he had no intention of robbing either Moore or the girl when he approached the car. It will be contended that, instead of being robbed of the rings and watch, she practically thrust these articles upon the negro as he turned to leave the scene. The negro's counsel, it was learned, further will endeavor to establish that not until after Moore fired upon him from his rear did the negro turn and fire the fatal shot from the revolver which was found on him when he was arrested several hours later.

The fact that one of the bullets from Moore's .22-calibre pistol struck Turner in the rear part of the thigh will be cited as evidence that he had his back turned when the ball was fired. The other bullet pierced one of his thumbs.

Harry M. Smith, Jr., principal attorney for Turner, made an ineffectual effort to wring an admission from Jailer G. O. Kines, of Arlington county, that Turner was put through the third degree by being suspended from a bar in his cell by the arms while handcuffed and was told that he would be kept suspended until he confessed. Kines insisted that no third degree methods were used.

Indictments charging Turner with assaulting Miss Clark and also with robbed her are being held in abeyance. The Government had not concluded its testimony when adjournment was taken until today.

Instructions to the jury are that if a verdict of first degree murder is brought in, the jury could add a provision "without capital punishment"

ALL[illegible] CREDITS

The Federal Res[illegible]as issued its warning agai[illegible]inancing of automobiles that are [illegible]ed for pleasure. The distinction between an automobile used for pleasure and one used for business is rather hard to define. There is nothing in the appearance or the make of the diferent cars that will serve as a safe basis for discrimination between the motives and purposes of their users. It appears something like on order forbidding people to ride on railway trains and street cars on pleasure missions, which order might be easily made, but would be rather difficult of enforcement.

But, regardless of the practicability of enforcing the advice of the Federal Reserve Bank, The Tennessean is unable to register its full approval of such a precedent. if automobile paper is bad or dangerous for the banks to handle, then by all means the banks should be warned against such credits.

But we are not so clear as to the province of the Federal bank to pass on the business or the pleasure of the American people. Its smacks too much of paternalism. Admitting the duty of the Federal Reserve Banks to discourage any dangerous inflation of bank credits, it seems that this duty could be performed and should be performed by a general application of the powers of the reserve board, and not by singling out certain commodities or industries that may appear unnecessary to the board. If the Federal reserve board has any such power, then it is a very dangerous power to be lodged in such a place.

It may be true that this ruling of the board may be for the best interests of the people on this occasion but even this fact does not remove the fundamental objection to such a power. If the board can damn one industry or commodity, it can surely favor another.

It is the public duty of the individual banker to foster and protect the worthy enterprises of his community but even this is not a legal duty, but one that every banker must observe at his own peril, and the gain or the loss of public patrons is the measure of his success or failure.

But no Governmental board should be endowed with authority to regulate or restrict the business or the pleasure of the American citizen, except by laws and orders of general application, so long as the citizen pursues his business or his pleasure in a legal manner.

The "pursuit of happiness" is one of the inalienable rights that was woven into the Declaration of Indepen dence, and even though it may appear to some of us that a man engage in this pursuit foolishly, yet so long as he remains within the law, pays his debts, and harms no one, his conduct should be free from the restrictive action of the Federal board and all other Governmental agencies. This is Democracy.

Two Hurt in Accident

John T. Evans, jr., Seriously Hurt When Steering Gear of Auto Locks—James Beach Slightly Injured.

As a result of an automobile accident near Mt. Ida, Arlington county yesterday afternoon. John T. Evans, jr., twenty-eight years old of 527 South Lee Street, was seriously injured and his companion James Beach escaped with a few minor bruises. The machine was being driven by Evans, and belonged to Evans' father. Both men were thrown from the machine which was badly wrecked. At the time of the accident they were driving toward this city at the rate of about twenty-five miles an hour. Evans says his steering gear went wrong and became locked causing the accident. Both men were thrown out and Evans was picked up in a unconscious condition and brought to this city and taken to his home by Miss Mamie Lindsey, who was passing at the time.

Dr. T. M. Jones was summoned and he did not regain consciousness until 2 o'clock this morning. Evans is suffering from injuries on the head and shoulder and it is also thought he received internal injuries.

REV. DR. W. F. WATSON VICTIM OF PARALYSIS

Succumbs at Alexandria Hospital Yesterday Afternoon

STRICKEN JUNE 26

Thirty Three Years a Minister—Funeral at 3.30 Tomorrow Afternoon at First Baptist Church.

Rev. Dr. William F. Watson, fifty-seven years old, a retired Baptist minister, died at 4.30 o'clock yesterday afternoon at the Alexandria Hospital of paralysis.

The deceased was stricken Sunday, June 27, just after preaching at the Middleburg Baptist Church, Middleburg, Loudoun county. The following day he was brought here and taken to the Alexandria Hospital. This was the third stroke he received, the first stroke being received while in Asheville, N. C., and his second attack came while in Harrisonburg, Va.

The deceased for nearly eight years was pastor of the Baptist Church here and since leaving that charge he had retired from active work in the ministery owing to ill health. Dr. Watson came to Alexandria from Portsmouth, Va., where he was in charge of a church.

Dr. Watson was a native of Fayetteville, N. C., and for thirty-three years served in the Baptist ministry.

Surviving him are three children, Miss Kathleen Watson, Charleston, W. Va.,; Edwin Shaw Watson, Charlestown, W. Va.; and John F. Watson, Alexandria.

The deceased received his degree as minister at Crozier Baptist Theological Seminary, Crozier, Pa. Dr. Watson was an able pulpit orator and enjoyed a wide circle of friends in this city who will regret to hear of his death.

He was identified with a number of fraternal orders being a member of Alexandria-Washington Lodge of Masons, Old Dominion Commandery, Knights Templar, Mount Vernon Chapter Royal Arch Masons, Soudan Temple, Shriners, the last named of North Carolina and Alexandria Council No. 5, Fraternal Americans, Potomac Lodge No. 38, Odd Fellows, Alexandria Council Royal Arcanium.

The body was removed to Wheatley's mortuary chapel and prepared for burial. His funeral will take place at 3.30 o'clock tomorrow afternoon from the First Baptist Church. Services will be conducted by Rev. Dr. E. B. Jackson, pastor. The body will be taken to the church an hour before the funeral and lie in state for those who wish to view the remains. Delegations from the various fraternal orders of which he was a member will attend. The body will be shipped tomorrow night to Gastonia, N. C., for burial.

AUTOMOBILE DAMAGED; DRIVER FINED $50

An automobile in which was seated four men shortly after 7 o'clock last night went down an embankment near the union station at the head of King street. The men escaped injury, although the machine was considerably damaged.

Following the affair police arrested a non resident giving the name of H. W. Ferguson, who was driving the car. He was arraigned at a special session of the police court last night and a fine of $50 was imposed on him because it was alleged he was operating a car while under the influence of liquor. Ferguson paid his fine.

PROPOSALS

Sealed bids will be received up to noon July 31, 1920, for the lumber and other material in the old building on North Alfred street, long used as a school for colored girls and known as Hallowell School.

In addition to removing the serviceable material the bidders must fill up all holes and wells; remove all dirt and debris, and clean up the ground generally.

The privilege of rejecting any and all bids is reserved.

THE LATE DR. WATSON

While many of our people were yesterday expressing their regrets at the death of Rev. Dr. Randolph H. McKim, who during a period of eight years served faithfully and energetically as rector of Christ Church, the announcement was made of the death of Rev. W. F. Watson, D. D., at one time pastor of the First Baptist Church of Alexandria. The deceased had for some time been facing death, he having recently been stricken the third time by paralysis while occupying a pulpit at Middleburg, Loudoun county.

Doctor Watson had had no permanent charge for some time. After resigning as pastor of the First Baptist Church he at times filled pulpits at various places, and the malady which has finally closed his eyes in death, in each case attacked him while he was proclaiming the gospel.

True to the inspiration of his calling, his loins were girded and his lights burning when forced to lay aside the burdens of life.

WAR ON THE IDLE

At the convening of the Corporation Court this month Judge Robinson Moncure, in his charge to the grand jury, among other things, called their attention to the disregard of the vagrant law by certain white and colored in this community. His honor can see no good reason why men at a time when labor is scarce loiter at street corners and often in suspicious localities—places where there is every reason to believe law is being violated daily.

The police are acting upon the judge's suggestions, and recently several individuals who have long been engaged in killing time have been arraigned in the Police Court. Unable to give reasonable excuse for their chronic idleness, a fine of five dollars was assessed in each case.

These assessments have been met, but the delinquents were told that should they reappear to answer the same charge jail sentences—not fines—will be imposed.

Two men were brought to the bar this morning charged with vagrancy. One was fined five dollars and the other ten. The latter's conduct in the officer this morning was making an indecent exhibition of himself while engaged in the thrilling game of "mumblepeg."

NOT AFTER LOAVES AND FISHES

Harry Tucker, who spent most of his boyhood days in Alexandria, and at one time was an attache of the Gazette, has long held the position of Port Warden of Richmond. He was recently elected to succeed himself, having retained the post during the past sixteen years. No salary is attached to the office, and during his incumbency he has received the sum of $2.16 in fees for his services.

Mr. Tucker, like many other good citizens, doubtless realizes that it is the duty of all male members of a community to accept certain complimentary positions at least once in a lifetime—posts somebody must fill.

Criticism of Councilmen is often heard, but uncomplimentary observations are generally heard from persons who refuse themselves to lift their little fingers in the service of the community.

The City Fathers generally receive abuse for their labors on behalf of the municipality, as do Police Commissioners, members of the School Board and others upon whom such positions are generally forced. It should not be so.

Will Market Apples From Orchard That Size—Basket Shortage Alarms Growers

Hagerstown, Md., July 16.—Lancelot Jacques, Sr., Smithsburg, who will market the 10,000 bushels of Yellow Transparent apples in Aaron Newcomer's 22-acre orchard, near Midvale has sold practically the entire crop at $3 a pushel, express delivery, in the city markets. Mr. Newcomer expects a crop of 20,000 bushels of peaches also.

Mr. Jacques has on hand a large quantity of baskets purchased five or six years ago at the low prices then prevailing. He says if he sold these baskets at present prices he would make a profit on them of about $45,000.

SPORTS

In the latest issue of the Police Gazette appears a splendid picture of the basketball team of the Virginia Military Institute.

V. M. I. made a splendid record for itself in this branch of sport having met some of the best basketball teams in the college world.

Special mention is made of that brilliant star Francis Summers who not only distinguished himself as a basket tosser but was cited by the best critics in the country as being the best all round athlete that the South Atlantic states produced this year.

Local sport followers should see this star in action tomorrow when he will wear a Dreadnaught uniform in the game against the Knickerbocker club.

The first of the three game series with the Knickerbocker A. C. of Washington will be played tomorrow on the High School grounds everything has been prepared for the initial game arrangements having been made at the last meeting of the Dreadnaughts to take care of the large crowd that is expected to be on hand to witness the game. In view of the fact that Knickerbocker rooters are expected in large numbers it was deemed advisable to turn the right side of the field over to them our own loyal rooters will be given the left side of the field and the grandstand The Dreadnaughts players have been practising every day for this game and will be in condition to give the fans the best exhibition of the national pastime that has been seen here this year. Quayle will in all probability be the local pitching choice, that he will be in rare form is assured as he has been out every day warming up, his arm was bothering him last Sunday but he says it is coming around into shape now and he will probably twirl one of the best games that he has turned in this year. All the local boys have worked tirelessly this week to complete the work on the stand and in preparation for this game, no team can win ball games without a good crowd to root for them and the Dreadnaughts want and expect to have the largest number of fans present that ever witnessed an amateur ball game in this State. the left side of the field should have at least 4,500 people on it.

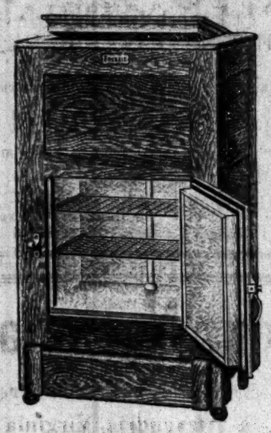
Refrigerators---Not A Luxury---A Necessity



In these days, when a threatened ice shortage is looked upon as a direct menace to every home in the community, it hardly seems possible that the refrigeration of food in household has come into common use within the memory of living men. But it is true.

Ice for refrigeration, now considered a necessity of life, was a luxury for ages. Wealthy Romans cooled their favorite wines, and the peacocks' tongues and other sumptuous dishes of their repasts, in mountain snow, brought to their tables at lavish cost.

In the Orient and the Mediterranean countries, now as in ancient times, large earthen jars are buried in the ground at night, or wrapped with wet cloths, to lower the temperature of their contents.

The use of ice for refrigeration has reached the highest stage of perfection in this country during the past few years and no home can well afford to be without the efficient services of a refrigerator.

We are showing three makes of refrigerators, each guaranteed to give absolute satisfaction in every respect and we ask you to inspect these three—

HEAVY CATCH OF FISH

Big Hauls in New and James Rivers Bring Price Down to 10 Cents a Pound

Lynchburg, July 16. — Immense catches of New River and channel catfish are being made in the James River at Waughs, a short distance above the city, by men who are selling them on the streets here at 10 cents a pound. Set nets over Sunday caught 1,700 fish and yesterday morning three nets yielded 800. Several men are making big wages out of the venture.

PALMIST MURDERED

Columbus, Ga., July 16.—Miss Mattie Heath, a palmist, who was reputed to carry a considerable sum of money on her person, was killed here late yesterday by being beaten over the head with a stone tied in a pocket handkerchief.

Posses immediately started in search of John Heath, who was suspected of the murder and robbery. The woman who is about 50 years old, has been residing in this vicinity for twelve years. Feeling was running high here last night over the killing.

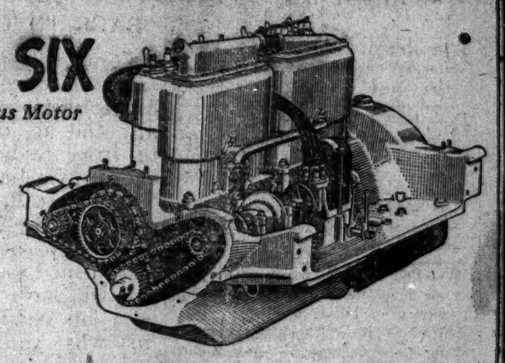
CHANDLER SIX

Famous For Its Marvelous Motor



See How Chandler Checks With High-Priced Cars

THE Chandler Six throughout its seven years of production has been distinguished for its many distinctively superior features of design and equipment which are used also on the highest priced American cars, and not used in any considerable degree by cars now priced hundreds of dollars higher than the Chandler. See, then, how the Chandler checks with ten of the best-known high-priced cars in these features selected as being characteristic of high-grade design and most efficient service.

Superior Chandler Features and the High-Priced Cars that use Them

ONE PIECE ALUMINUM MOTOR BASE, which ties the frame of the car together at four points, thus providing a stiffer frame as well as a more rigid motor mounting. Also used by Packard, Locomobile (Bronze), Mercer, Winton, Fiat, Brewster, Stutz, Pierce-Arrow.

SILENT CHAIN DRIVE for Motor Shafts. Also used by Winton, Packard, Cadillac, Brewster, Fiat, Mercer.

TORQUE ARM OR TUBE. Also used by Pierce-Arrow, Locomobile, Brewster, Winton, Cadillac, Packard, Stutz.

ANNULAR BALL-BEARING TRANSMISSION. Also used by Winton, Stutz, Pierce-Arrow, Brewster, Cadillac, Fiat, Locomobile, Packard, Marmon.

ANNULAR BALL-BEARING DIFFERENTIAL. Also used by Marmon, Stutz, Pierce-Arrow, Fiat, Brewster, Packard, Locomobile.

ANNULAR BALL-BEARING REAR WHEELS. Also used by Packard, Stutz, Locomobile, Marmon, Pierce-Arrow, Fiat, Mercer.

HIGH TENSION MAGNETO IGNITION. Also used by Locomobile, Mercer, Fiat, Brewster, Winton.

THEN, see how these seven cars—sixes which may be considered competitive to the Chandler—do NOT check

One car, listing at $2975, checks with Chandler in only one feature
One car, listing at $2685, checks with Chandler in only three features
One car, listing at $2400, checks with Chandler in only one feature
One car, listing at $2195, checks with Chandler in only two features
One car, listing at $2045, checks with Chandler in only two features
One car, listing at $1945, checks with Chandler in only one feature
One car, listing at $2250, does not check with Chandler in any feature

Not a single one of the seven makes of medium-priced Sixes referred to offers you High Tension Magneto Ignition. The Chandler offers you Bosch, recognized the world over as the best ignition system. Only one of them offers you the silent chain drive, although another one of them in its *higher-priced* model ($3450), incorporates this feature.

These Statements are Facts and they Give You a Few of the Reasons for Chandler Leadership

The specification data quoted is substantiated, in every instance, by the manufacturers of the cars referred to.

THAT KNIFE-LIKE PAIN

Is Only One of Nature's Warnings of Weak or Disordered Kidneys

Have you a lame back, aching day and night? Do you feel sharp pains after stooping? Are the Kidneys sore? Is their action irregular? Use Doan's Kidney Pills—the medicine recommended by so many Alexandria people. Read this case:

'Mrs. A. M. Madison, 323 North Royal street, Alexandria, says: "I was so bad off with kidney complaint I had to go to bed. My back hurt me as though I were being pierced with a sharp knife. I couldn't turn from one side to the other, but was just helpless. When I was able to get up around at all I had to have help to do everything. I couldn't even lace by own shoes, and I was so nervous my hands would shake like a leaf when I tried to hold anything. The way my kidneys acted showed they were in bad shape. I got Doan's Kidney Pills at Creighton's Drug Store and I was certainly filled with joy before I had used them very long. The misery left me and I felt like myself again."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Madison had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

A SENSIBLE INVESTMENT
The most sensible way to invest your money is to keep your property in good condition and to have a home which will make your family comfortable and other buildings which will properly house your belongings.
You get the direct benefit from money invested in this way from day to day, in addition to the actual increase in the value of your property.
There have been some reductions in the price of lumber by the mills and we are reducing our prices to meet these, regardless of the cost of the different items we have in stock.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, don't cut down the amount of lighting again—shade the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
